ABOUT THE YEARBOOK

The Yearbook of American & Canadian Churches has served as the definitive handbook of North American denominations since 1916. Over our 100 year history, The Yearbook has remained an authoritative source for the most accurate and complete compilation of statistical data for North American religious bodies. Now an interactive online application, The Yearbook continues to catalog census information for *** denominational religious bodies. As of 2020, the Yearbook represents ***,*** faithful members, ***,*** clergy, ***,*** congregations, **,*** educational bodies, and more than \$***,***,***,***.** in total financial commitment.

Each listing contains a brief paragraph about the religious body, contact information for the group, and informative graphs detailing current and historical statistical data. Previously stewarded by the National Council of Churches, The Yearbook is overseen by the Association of Statisticians of American Religious Bodies (ASARB). in partnership with The National Council of Churches and Lake Institute on Faith and Giving. We invite you to join our effort by adding data for your religious group, becoming an ASARB member or making a contribution to our cause.

Created in 1988, the Christian Council on Persons with Disabilities (CCPD) is a coalition of churches, non-profit organizations and individuals advocating an evangelical perspective concerning people with disabilities and their place in God's world. The coalition provides a national voice for Christians involved in disability ministry, framing the Christian community's response to issues relating to disability.

CCPD provides information and responses on issues specifically relating to the church such as accessibility, disability theology and outreach; as well as disability-related issues of concern to the general public such as genetic research, end-of-life care and cloning.

Advocacy, professional development, networking and education are all part of the coalition's activities. Annual conferences (both national & regional), chapter groups and mentoring programs are part of the coalition's strategy in strengthening the network of disability ministry.
